

**Rogers Water Utilities
Biosolids Purchase and Removal
Request for Proposals (RFP)**

The Rogers Water Utilities (RWU) of Rogers, Arkansas is seeking proposals to purchase and remove Class A biosolids (“biosolids”) from the Rogers Pollution Control Facility (RPCF). More information about RWU, the biosolids at RPCF, and qualifications needed, are contained in the Request for Proposals (RFP).

Copies of the RFP are expected to be available during the week of March 22, 2021 or shortly thereafter. Once available, copies of the RFP may be obtained from the RWU administration office at 601 S 2nd St. in Rogers, Arkansas between the hours of 8:00am and 4:30pm M-F or by request via email at the email address listed below. Interested individuals or firms may register to receive copies of the RFP once it becomes available.

Five (5) bound copies of the proposals, and one electronic PDF copy, shall be submitted on or before Thursday, April 8, 2021, by 2:00 pm local time to:

Jene’ Huffman-Gilreath
Shared Services Manager
Rogers Water Utilities
601 S. 2nd Street
Rogers, AR 72756
Email- jenehuffmangilreath@rwu.org

RWU reserves the right to accept the proposal that appears from all considerations to be in the best interest of RWU. In determining and evaluating the best proposal, the prices offered for purchase of the biosolids will not necessarily be controlling, but reliability, efficiency, expertise in handling biosolids, and reputation will be considered, along with other relevant factors and criteria. The complete list of factors and criteria to be considered, and complete list of requirements, will be contained in the RFP. The actual award of a contract is contingent on approval of the Rogers Waterworks and Sewer Commission.

RWU reserves the right to cancel this RFP process, reject any and all submissions, to waive technicalities, formalities, and/or informalities, and to accept any submission deemed to be in the best interests of RWU.
